Mature, gracious, and secure in its position as the "Grand Dame" of golf in Loveland, The Olde Course is a testament to the tradition of golf.

This carefully cultivated golf course offers not only aesthetic beauty, quality turf and mature trees, but also a stiff challenge. The Olde Course plays at 6,806 yards from the blue tees, commanding a golfer's attention.

Tree-lined fairways lead to small, tight, undulating greens. During a round, you'll work your way around six ponds that define the course and must conquer an island green on #14.
